ZURICH GRADUATE COLLOQUIUM

Wednesdays, 13-15 (FIM Tea to follow)

Hermann Weyl Zimmer (HG G43, ETH Zentrum)

Speaker: **Anna Wienhard**

Title: **The Teichmüller space and its generalizations**

Date: Wednesday, May 26th

Abstract: The Teichmüller space is a moduli space of various geometric structures on a Riemann surface. The purpose of this talk is to give a description of the Teichmüller space in terms of representations of the fundamental group of the surface and explain some generalizations following this approach.
